BACKGROUND

[The Legacy of Life Foundation](#) became a registered 501(c)3 in 2010. Starting from just one counselor, one office, and a team of energetic and passionate volunteers, we opened a second center, motherhood program, fully functioning ultrasound staff, and a vast network of volunteers and supporters who all contribute in invaluable ways, through prayer, financial giving, and sacrificing their time. We recently opened our third center! With two lives saved in the first year now to well over 4,000 lives saved, our model and approach to crisis pregnancy services is unique and effective.

The Legacy of Life Foundation speaks to the heart of the abortion issue. We educate women on the comprehensive alternatives to abortion and are always seeking ways to extend the reach of the mission and the effect of our services.
